

Indoor Rebates

1. The Water Authority reserves the right to approve or decline any rebate incentive. Rebate incentives maximum account credits vary by type, quantity, and frequency which may be subject for determination the Water Authority.
2. You must be a customer of the Water Authority and install the product, service, or system (s) at your service address.
3. The product, service, or system (s) must remain in the possession of the original purchaser or remain at the original installation address for at least one year from the date of purchase.
4. The product, service, or system (s) must be new and can be purchased anywhere.
 - a. Thermostat: The maximum rebates allowable are two per year per single family account and no limit per commercial industrial or institutional account per fiscal year (July 1st through June 30th).
 - b. Showerheads: The showerhead (s) must be a qualifying model approved by the EPA Water Sense Program. You may find a list of qualifying models on our website: www.abcwua.org or by calling the Water Authority's Water Conservation Division at (505) 289-3042.
 - c. Toilets/Urinals: Only EPA Water Sense certified toilets and urinals qualify for this rebate. The toilets must be new and can be purchased anywhere. The customer agrees not to alter the toilets to increase water flow through the fixtures. The customer agrees to dispose of old toilet(s) to prevent them being resold or reinstalled. Copy of receipts must be submitted for both the toilet purchase and the plumber's installation or inspection. If a copy of the receipt is not received, processing is delayed and the forms are returned to the customer.
 - d. Washing Machines: The washing machine (s) must be a qualified model approved by the Water Authority. You may find a list of qualified models on our website: www.abcwua.org or by calling the Water Authority's Water Conservation Division at (505) 289-3042.
 - e. Recirculation: The maximum rebates allowable are \$100 per single family account and \$1,000 per commercial, industrial, or institutional account per fiscal year (July 1st through June 30th).
5. The customer is solely responsible for the purchase, installation, arrangements, and payments.
6. The Water Authority does not warrant, endorse, or assume liability for the quality, performance, or safety of any plumber, contractor, their employees, or agents.
7. Some installations may be selected for random inspections. If selected, the customer agrees to allow the Water Authority access to the premises in order to verify installation. At reasonable times and with reasonable notice, the customer agrees to allow the Water Authority to inspect the system at the installation address up to one year after purchase.
8. Rebate credits must remain at the address where the water conservation work has taken place. The customer may not transfer the credit from the location of the savings to another Water Authority account, even if both properties are owned by the same person.
9. The rebate form must be returned to the Water Authority within ninety (90) days of the purchase or service date to be honored.
10. The rebate credits the Water Authority account. The rebate should appear on the bill within one to two billing cycles after their form is processed.
11. A copy of the receipt must be mailed in with the rebate form. If a copy of the receipt is not received, processing is delayed and the forms are returned to the customer.
